

**Unburned Carbon on Utility Fly Ash
October 28, 2003
and**

**Selective Catalytic Reduction and Selective
Non-Catalytic Reduction for NO_x Control
October 29-30, 2003**

U.S. Department of Energy • Office of Fossil Energy • National Energy Technology Laboratory

Conferences to be held in Pittsburgh, Pennsylvania

These conferences are among the premier gatherings of power plant experts from all over the world interested in learning about the latest, most cost-effective ways to deal with the challenges of unburned carbon on fly ash and NO_x reduction by post combustion technologies.

Call for Papers will be mailed in February.
